## 3. Distance Learning Environment Update

We have two video conference room by using Polycom. About the class capacity, we have a 20 participants classroom and 50 participants classroom.

## 4. Technical Update

Elearning Center of ICT department is connected to the NOC of CamREN.

## 5. Network Update

No.

## 6. National Research and Education Network (NREN) update

CamREN is still back to unsupported from world bank again because of the result of the election.

## 7. Your organization's role in NREN

## NOC

### 8. Lecture attending situation

The participants who joined the lecture is just from department of Chemical and Food Engineering department and Mechanical and Industry Engineering department.

### 9. Ideas: how to make student more active to join the class?

We have announced and contacted the department related with the topic when there's event coming up.

### 10. Research and Development in Network, including applications :

Telemedicine is now in the preparation by cooperating with Seoul National University Bundang Hospital(SNUBH) of Korea.
